(*b*) Dr. Oak of the Friendly Union Ambulance Centre for his lecture on general First-Aid work and also for holding "Mackenzie" Course Classes.

(*c*) Pandits Sharma and Ogle for imparting religious instruction to our Hindu boys.

(*d*) Father Rodriques and Mr. F. D'Souza for the interest they have taken in our Christian boys, the latter for holding a Bible Class every Sunday morning.

(*e*) The Trustees of the Dawoodbhoy Fazalbhoy Education Trust for providing us with the services of a Moulvi for our Mahomedan boys.

(*f*) Mr. V. M. Saraiya for his generous donation of Rs. 200 which defrayed the cost of a trip for 200 boys to the Elephanta Caves.

(*g*) Miss Davis for extending several invitations to our boys for various entertainments in the grounds of the Children's Aid Society.

(*h*) Khan Bahadur A. R. Taher, J.P., for giving dates and bread to our Mahomedan boys during Ramzan.

(*i*) Seth Ramdas Raghoji, J.P., for the gift of sweets to our boys on The King Emperor's birthday.

(*j*) The Rotary Club of Bombay for a donation of Rs. 84 which enabled us to send two Scouts to the All India Scout Jamboree at Delhi held in February 1937.

(*k*) Seth Gokuldas Jadhavji for the gift of a bull.

(*l*) Sir Jamsetjee Jeejeebhoy for the gift of a cow, etc.

6. *Technical Education.*—It is gratifying to report that we have been able to extend our activities during the year, Government having sanctioned the installation of two power looms and also the appointment of a weaving master. This generous assistance will be of the greatest help to us as it will enable us to turn out boys who will be competent to secure immediate employment when they leave us in the weaving sheds of the many textile concerns in Bombay City. There are roughly 40,000 weavers employed in Bombay Mills alone and boys trained by us as weavers should be able to earn at least Rs. 32 per mensem on their discharge from the School.

7. *Recreation.*—Cricket, Football, Swimming, Boxing and Indian games are being regularly played and School matches during the year resulted as follows :—

		Played.	Won.	Lost.	Drawn.
Cricket	...	38	16	14	8
Football	...	14	10	2	2

For the first time for many years, we sent a cricket and football team outside Bombay to Poona to play against the Yeravda Industrial School. The team spent the Christmas holidays there as the guest of Mr. Khan, the Superintendent of the Yeravda Industrial School, and we are most grateful to Mr. Khan for his kindness to our boys and for all the trouble he took to see that they enjoyed their visit.

Our Boxing Club continues its successful work under the guidance of Mr. Pardiwalla. In the Junior Presidency Boxing Championships three of our boys won the first prize in their respective weights and another boy secured the second prize. As boys entered for this tournament from all over the Presidency it will be seen that our School gave a satisfactory account of itself.

8. As usual our Swimming Bath was very popular amongst the boys. The Inter-dormitory Swimming Competition was won by dormitory No. 4 Senior and dormitory No. 8 Junior.

9. The "Bunbury Troop of Boy Scouts" continues to make good progress. The Troop won two Championship Cups and three other Cups in the Scout Annual Sports held in Bombay and was also awarded the third prize in the Handicraft Exhibition which took place under the auspices of the Bombay Boy Scouts Association. Three of the members of the Troop were present at the All India Scout Jamboree at Delhi and our energetic Scout Master, Mr. Mehta, completed the Scout Wood Badge Course and received the beads and parchment at the hands of His Excellency the Governor the Provincial Chief Scout on our Annual Prize Distribution Day.

Our two Cub Packs attended several rallies in Bombay, notably the Provincial Rally held to bid farewell to the Chief Scout of the World. The two Packs are doing well, and there is keen competition amongst our small boys to gain admission to the Wolf Packs and eventually to our Scout Troop.

Magic lantern shows continue to be a popular feature; as many as 75 lectures on diverse subjects accompanied by lantern slides took place during the year, and we wish to thank the Visual Instruction Department for their loan of lantern slides.

10. The Annual Prize Distribution was not held in the month of March as usual, but took place on April 7th, 1937. His Excellency Lord Brabourne, Governor of Bombay, presided and His Excellency's speech is set out later on in the report. This Prize Day was a unique occasion for our School as both Their Excellencies honoured us by their presence. We greatly appreciate Lady Brabourne's keen interest in our activities.

11. *Finance.*—The year's working shows a small surplus of Rs. 858-13-1 as against a deficit of Rs. 432-15-3 in the previous year.

12. *Workshop Accounts.*—The combined workshop accounts after debiting a sum of Rs. 5,948-15-0 (salaries of Maistries) show a loss of Rs. 2,001-5-9 against Rs. 2,103-9-3 in the previous year.

13. *Auxiliary Home.*—The usual statistics will be found in Appendix "C". We sent 38 boys to the Auxiliary Home during the year and employment was secured for all these boys and also for a large number of old boys not living in the Home. We have started a register of old boys out of employment and the Salvation

Army have appointed a whole time officer, who is paid for by the Sheppard After-Care Association, to take charge of the Auxiliary Home and keep this register of boys without employment. Adjutant Daniels, the Salvation Army Officer in question, will be very glad to hear from employers of any vacancies going and to submit suitable applicants. It is interesting to record that out of 80 old boys who were present on our Annual Prize Distribution Day only 10 boys were found to be without work.

14. The health of our boys has continued to be good and there have been no epidemics of an alarming nature.

15. *Staff.*—The staff continues to give every satisfaction in their duties.

16. *General.*—In conclusion I should like to state how grateful I am to Mr. Symington, the Backward Class Officer, and to the Managing Committee for their aid throughout the year which has made the position of Chairman a very pleasant one. My predecessor as Chairman, Mr. Innes, on his return from long leave outside India resigned in October 1936 from the Managing Committee owing to his having been transferred outside the Bombay Presidency. As mentioned in my report last year the School owes a very great debt to Mr. Innes for the care and attention bestowed by him on its welfare and his departure from the Presidency is a great loss to the School.

R. L. FERARD,
Chairman.

Extract from Chairman's speech at the Annual Prize Distribution held on 9th April 1937.

The year under review has been a satisfactory one. The health of our boys has been good and our examination results satisfactory as may be instanced by the fact that we entered 41 boys for the Vernacular Fifth Standard Examination of the Department of Public Instruction and 39 boys passed.

But to my mind the most satisfactory feature of the year under review, particularly in recent months, is the fact that we have been able through the Sheppard After-Care Association to place a considerable number of boys in employment immediately after they have left us, and now that Your Excellency's Government have kindly sanctioned the installation of a small power weaving plant in our School I am confident that we shall be able to do still better. It will be realised how important it is that boys when they are discharged from the School should secure work immediately and thus have no chance of loitering about. I would like to take this opportunity of thanking Mr. T. E. Harker and Mr. F. Stott for finding jobs for many of our old boys. It is largely due to these two gentlemen, also to Messrs. Lever Brothers, that we have had practically all the boys staying at the Sheppard After-Care Home in employment during the last three months. But approximately 75 boys leave our School yearly and it is not easy to find work for so many boys and Mr. E. Elisha, our Secretary, will be only too glad to hear of vacancies and send round applicants immediately.

We have been doing all we can to lighten the monotony of School life by making contacts with other Schools, by excursions, scouting, etc., etc., as we believe this policy is helpful in making our boys into good citizens. It is due to the kindness of various friends that recreations of this nature are possible. We are most grateful to Mr. Varjivandas Saraiya for his donation of Rs. 200 which defrayed the cost of a trip for our boys to the Elephanta Caves, to the Rotary Club of Bombay for giving us two free scholarships thereby enabling two of our Scouts to attend the All-India Scout Jamboree at Delhi, and also to Mr. Khan, the Superintendent of the Yeravda School, who put up 18 boys and 2 masters at Yeravda during the Christmas Holidays and took endless trouble to see that they enjoyed their visit and saw the sights of Poona. But funds are badly needed by us for our Recreation Expenses Account as athletic gear, scouting kit, magic lantern slides, etc., all run away with a good deal of money, although expenditure thereon is drastically vetted, and we shall welcome with gratitude donations either of sports equipment or cash, for our Recreation Account. Old tennis balls, too, are always useful to us.

His Excellency's Remarks at the Annual Prize Distribution.

Addressing the gathering His Excellency said: "The question of aftercare is of vital importance to this School. Mr. Ferard has

pointed out how difficult it is to find employment for all and I should like to congratulate the Sheppard After-Care Association on their recent increased success in finding work for old boys, and I would add my thanks to those of the Chairman to Mr. Harker and Mr. Stott, and Messrs. Lever Brothers for helping so effectively in providing employment.

"In this connection I should like to draw attention to the system of releasing on license which has been adopted at the Yeravda Industrial School, the Willingdon Boys' Home and elsewhere, as a normal procedure with most encouraging results. The system tends to relieve overcrowding, which is one of the constant features of this School. It also provides, in the possibility of recall, a very strong incentive to the boy to work hard and make good, and it has generally been found that at the end of the license period, the boy has formed the habit of regular work and is leading a normal life. The adoption of this system might relieve the strain on the School's finances to some extent. Under the new section 30 (1-A) of the Children Act, release on license is a simple matter of arrangement between the Managers of the School and the Chief Inspector.

Value of Recreation.

"I am very glad that it has been found possible to give the boys some outings and provide them with recreations, and sincere thanks are due to those gentlemen who have so kindly assisted towards this end. Government are well aware of the value of recreation, and the question of a grant-in-aid is under consideration, but I cannot, at this stage, make any statement as to whether one will be forthcoming. I hope the Chairman's request for gifts of sports equipment, tennis balls, and so on, will meet with a good response.

"I am aware that one of the chief requirements for the better administration of this School is the opening of a separate institution for mentally deficient children. At the moment it appears impossible to open a special institution for the purpose, but it is hoped to find some existing school which would be prepared to strengthen its staff and fit itself for recognition as certifiable for this purpose. This would have the required effect of relieving this and other schools, and would serve, at all events, as a temporary remedy.

"I am delighted to hear that the relations between the Chairman and the Committee are most cordial. This is usually a sign, and I am confident that it is so in this case, that the Chairman is tactful and has his heart in his work. Mr. Ferard has shown himself keen and efficient, and I should like to congratulate him and the Committee on a very good year's work. This is, unfortunately, the last time that I shall be able to give away the prizes here, and it is a great comfort to me to know that the work is being carried on by such able and willing hands."

The Governor announced the following donations to the School :—

Sir Kikabhai Premchand Rs. 500, Mr. A. R. Abdulla Rs. 300, Mr. Nehalchand Laloochand Rs. 251, Khan Saheb Ramjanali Jamalbhai Machhiwalla Rs. 200, Mr. Jamnadas M. Rajput Rs. 200, Mr. Bhogilal Hargowandas Patel Rs. 200, The Rotary Club of Bombay Rs. 100, and the Bombay Cloth Dealers through Messrs. Choonilal Sakalchand Rs. 251, Total Rs. 2,002.

Proposing a Vote of thanks to the Governor and Lady Brabourne, Sir Ishwardas Lukhmidas said it gave the Committee satisfaction to feel that in spite of his manifold duties as administrator of the Presidency, His Excellency had been taking a keen interest in the School. They were all aware of the noble work done by Lady Brabourne in the cause of women and children. They would miss such a selfless worker after her departure from their midst and the gap would be difficult to fill. The vote was carried with acclamation.
